

UNIFORM POLICY

RATIONALE:

Wallan Secondary College School Council has developed and will work with the staff of the College to implement dress codes for all students. The College Council in 2016 has worked with the staff, student body and College community to develop and review its dress code requirements. The dress code requirements contained in this policy meet human rights and anti-discrimination requirements, includes an exemption process, has taken into account health and safety considerations and requirements relating to uniform supply arrangements. The College also works with the State Schools' Relief to support students in need as well as supporting their fundraising activities.

Wallan Secondary College is a compulsory uniform College. Therefore, all students are required to conform to College uniform code. The requirements of the college dress code take precedence over a student's individual preference in matters of dress.

The Uniform Policy reinforces in students a pride in their own appearance by ensuring that their uniform is neat, clean and tidy, and is worn appropriately. It also instils recognition of themselves as an integral part of the College community and assists in developing pride in representing their College whilst at school and when outside of the College grounds.

The College uniform ensures that all students are able to participate actively and safely in school life. As far as practicable, dress code requirements are similar for both sexes.

AIMS:

- Establish a sense of identification with the College, from the very first day and throughout the school year
- Foster collective and individual pride in the College and to maintain and enhance the positive image of the College in the community.
- Ensure individual student safety and group security, during College hours and on excursions
- Promote self-discipline and organisation
- Promote equality amongst all students
- Provides durable clothing that is cost effective and practical for the College environment.

IMPLEMENTATION:

- School Council has developed the Uniform Policy after consultation with the school community. The policy allows all students to safely engage in the many varied activities.
- The Uniform Policy applies during school hours, while travelling to and from the College and when on school excursion, activities and events.
